## The President Recommends Economy in Congressional Appropriations as a Reduction of the Present War Tax on All the Necessaries of Life.

To the Congress of the United States:  
The constitutional duty which requires the president from time to time to give to the Congress information of the state of the union and to recommend to their consideration such measures as he shall judge necessary and expedient, has fittingly entered upon its course in the present year. In the discharge of this duty, I have the honor to submit to you the report of the heads of the executive departments, and of the chief officers of the government, in relation to the state of the union, and to the progress of the war.

At the time of the report of the heads of the executive departments, and of the chief officers of the government, in relation to the state of the union, and to the progress of the war, the President has the honor to submit to you the report of the heads of the executive departments, and of the chief officers of the government, in relation to the state of the union, and to the progress of the war.

The legislative act of last year known as the Chinese Exclusion Act, requiring the registration of Chinese laborers to reside in the United States, and the provisions of the act with reference to the Chinese laborers, have been in full force and effect since the first day of January, 1934. The Chinese laborers who are in the United States, and who are in the process of being registered, are in the process of being registered, and the Chinese laborers who are in the United States, and who are in the process of being registered, are in the process of being registered.

It is believed that under the recent amendments of the act extending the time for registration, the Chinese laborers who are in the United States, and who are in the process of being registered, are in the process of being registered, and the Chinese laborers who are in the United States, and who are in the process of being registered, are in the process of being registered.

ple for economy in the administration of their department, the secretary has entered upon the task of reducing expenditures by the elimination from the pay rolls of all persons not needed for an efficient conduct of the affairs of the department. During the first quarter of the present year the expenses of the department were reduced \$100,000 as against \$100,000 for the corresponding period of the fiscal year ending June 30, 1933. The secretary makes apparent his intention to continue this rate of reduction by submitting estimates for the next fiscal year for a reduction of \$100,000.

During the last fiscal year the total value of exports of agricultural products from the United States for the fiscal year ending June 30, 1933, amounted to the enormous figure of \$1,200,000,000. Of which Great Britain took considerably over \$1,000,000,000.

SOME VIEWS  
Of Prominent Legislators on the  
President's Message.

Wilson Pleased at What He Says on  
the Tariff Question.

Congressman Duffell Says the President's  
views on the Tariff are in line with  
those of the House of Representatives.

WASHINGTON, Dec. 4.—Some of the  
views of the prominent legislators on  
the president's message are set out  
as follows: Mr. Wilson (dem., W. Va.),  
chairman of the ways and means com-  
mittee, said: "I am especially pleased  
at what he says on the tariff ques-  
tion."

"Able and appropriate" was the  
comment of Mr. McCreary (dem., Ky.),  
chairman of the house foreign affairs  
committee. "It contains much valuable in-  
formation."

Dr. Duffell (rep., Pa.) said: "The pres-  
ident's views on the tariff seem to be on  
the line heretofore laid down by him.  
He thinks a protective tariff invariably  
increases the cost to the consumer.  
We know that such is not the  
case under the interpretation of  
the McKinley law, a fact that would  
have been apparent to the president if  
he had kept his mind from testimony  
taken before the ways and means com-  
mittee. Of course, as was to be  
expected, he is still after the markets of  
the world, a very desirable thing if  
present conditions continue, because  
there won't be any market at home or  
any money to spend in them. The most  
astonishing thing in the message is  
that an income tax has been agreed  
upon. That is news. I happen to be a  
member of the minority of the ways  
and means committee, but it is the first  
time I knew such a tax has been agreed  
upon, although I have inquired dili-  
gently about it every day. It seems  
the tariff is concerned the message is  
not a valuable contribution to the dis-  
cussion. What he says is not new, al-  
though he says something that are  
strange."

Mr. Byrum (ind., Ill.) "It is a very con-  
cise and clear statement of the attitude  
of the questions which congress will be  
called on to consider."

Mr. Springer (dem., Ill.) "The mes-  
sage is concise and an able exposition of  
the present condition of the country."  
Mr. Reed: "It is exceedingly disap-  
pointing both in matter and manner.  
It is largely made up of a wondrous  
repetition of the reports of his secretaries  
which have hardly improved by con-  
sultation. One the Hawaii question we  
were left as much in the dark as  
ever, and must await the  
news of the next steamer just  
as we have been for a long time. The  
president's message which relates to  
the tariff is most surprising. It as-  
serts that the house committee in  
charge of the subject had formulated  
plans and devised methods which the  
committee as a member of the commit-  
tee has never even heard proposed. It  
is a rather unusual session to learn  
of the doings of the committee in  
the committee room, but from the  
president of the United States. Sen-  
ator Sherman and Senator H. H. Hill  
refused to express opinion while Sen-  
ator Murphy, of New York, said: "It is  
an able document."

Nothing for the Vigilant.  
BERLIN, Dec. 4.—It is reported that  
Emperor William is negotiating the  
purchase of the American sloop  
yacht Vigilant, which recently de-  
feated the British cutter Valerian in  
races for the America's Cup. It was  
stated that if the emperor is successful in  
securing possession of the Vigilant he  
intends to have it brought over to  
Europe, where she will be re-fitted as  
racing in British waters during next  
year's season.

Fatal Snow Slides.  
Butte, Mont., Dec. 4.—Snow slides  
occurred Wednesday night at Butte.  
Four men were buried, and three taken  
out dead. A second snowslide occurred  
Friday night at Lyon City. Three per-  
sons were buried and several others  
badly injured. An attempt will be  
made to break up the vast body of  
snow on the mountains by the use of  
plant powder. The snow is heavier  
than ever before known in this section  
so early in the season.

Weekly Treasury Statement.  
WASHINGTON, Dec. 4.—The weekly  
treasury statement shows a decrease of  
\$223,349 in the net cash in vaults and  
an increase of \$440,469 in deposits in  
national banks. The change in the  
net cash balance was a gain of \$113,630.  
The receipts from internal revenue  
Monday were \$966,739, from customs  
\$206,499 and miscellaneous \$21,741.  
The national bank notes received Mon-  
day for redemption amount to \$230,163.

Another Bank Closure.  
GRAND ISLAND, Neb., Dec. 4.—The  
heaviest financial crash that has struck  
this city in a long time was announced  
Monday morning by this simple notice  
posted on the doors of the Citizens Na-  
tional bank: "Owing to slow col-  
lections the board of directors of this  
bank have ordered the same to be  
closed." (Signed) C. A. Mohrenstecher,  
cashier."

Accidentally Killed.  
OXBURG, Neb., Dec. 4.—A party of Omaha  
hunters went to Calhoun, Neb., Sun-  
day, to hunt rabbits. One of the party,  
stopped to rest and stood his  
shotgun against a tree. His dog,  
playing around in the snow, ran  
against the gun, knocked it down and  
he was discharged, the lead striking  
Woods in the side, inflicting a terrible  
wound, which soon ended death.

contents are almost a total loss. In-
